

Success Story

"McLaren Associates Limited have been using Sunday Star-Times for the last 10 years to advertise our Senior and Executive roles. We have found it to be an excellent vehicle for reaching a wider audience with a strong national readership producing a good up-take of applicants. We find it to be cost effective and are looking forward to using the new Sunday News recruitment section in conjunction with Sunday Star-Times. Sunday Star-Times is our first choice for advertising roles nationwide."

Peter McLaren -
Managing Director

RITEX

General Manager - Textiles

- Strategic sales and marketing focus
- Based in Hobson

RITEX International Limited (formerly a division of Highcross NZ) was formed as a privately owned company on 1 July 1998 and markets range of the art, packaging and textile products. As a market leader, the Group operates a separate business unit which focuses on importation and distribution of textiles for the Hospitality, Commercial and Domestic markets.

The Board is seeking a General Manager who has the ability to undertake business to business, selling, enhance supplier relationships and actively identify new business opportunities.

The General Manager - Textiles must have strategic vision/planning skills, a proven track record in sales and marketing professional, with strong people

Chief Executive

- Strategic Operational role
- National focus
- Based in Wellington City

The New Zealand Arts and Social Service Trust (NZASST) is an autonomous Government body which provides a national service for enterprises requiring products, services and rehabilitation services. In partnership with key stakeholders, NZASST delivers services to enable people with limb loss to achieve their desired standard quality of independent life in their community.

The Chief Executive will take a national leadership role which includes supporting constructive working relationships with external stakeholders, as well as providing appropriate advice and support to the Board (consent) with the Strategic and Business Plans.

Person Profile:

- A successful track record in leadership at a senior level.
- A background in the health or disability sector and an appreciation of providers' client services.
- Familiarity with the operation of an Organisation within the Government sector.
- The ability to motivate a positive team within a changing/management environment.
- Self motivated, energetic and with sound business acumen.
- The ability to present to the Board well attended reports and analyses.
- A relevant tertiary qualifications desirable.
